Trustee Sponsorship

Purpose

The purpose of the Millennium Club and the Trustee Sponsorship Program is to underwrite the cost of programs and special events as well as eliminate repetitive solicitation of non-dues funds. Membership dues are used for the daily operation costs, however, most programs and special projects are funded through non-dues solicitation.

Along with the full range of Chamber benefits, we hope you will consider taking advantage of the added incentives available through investment in our Millennium Club or our Sponsorship Programs. It is our hope that this investment program is mutually beneficial in maintaining the success of our Chamber programming, while offering easier annual budget planning for you and your business.
